SUMMARY

Creative and performance-driven **Frontend Developer** with hands-on experience in crafting responsive web interfaces and user-centric applications. Adept at translating design mockups into clean code using modern technologies. Passionate about building intuitive digital experiences with a focus on scalability, accessibility, and performance.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Git, GitHub, VS Code, Figma

PROJECTS

• Personal Portfolio Website

Interactive portfolio showcasing skills, projects, and contact form. Built mobile-first with animations and Smooth scroll

 [Live Demo](#)

• Amazon Clone | *HTML, CSS, JavaScript*

Designed and developed a responsive e-commerce front-end inspired by Amazon.

Features: Product grid, header/navbar, add-to-cart design (static), and fully styled UI.

 [Live Demo](#)

• GitHub Clone | *HTML, CSS, JavaScript, GitHub API*

Created a web app that mimics GitHub's UI and fetches user data using GitHub's public API.

Features: Search GitHub users, show repositories, followers, and clean GitHub-like design.
